## Summary

I am an aspiring full stack software developer looking for my first job in the industry.

Currently an experienced Medical laboratory assistant at Eurofins. Skilled Management, Teamwork, and Leadership. Strong operations professional currently studying for A Diploma in Full Stack Software Development from Code Institute, accredited by Edinburgh Napier University.

Self motivated, Organised, Quick learner who can absorb new ideas, I like to pay attention to details in everything that I do. I am hard working person who had good customer service skills, able to work in a team and independently.

---
